Lund, Sweden | tel.: +46 76 105 50 52 | mail: Gustavjerresand@gmail.com

Education

Lund Institute of Technology (LTH)

M.Sc. in Industrial Engineering and Management

Lund
Aug 2021 – Jun 2026

- Currently in my penultimate year, specializing in Financial Mathematics and Risk Management
- GPA: 4.5/5

University of Tokyo

Exchange Semester

Tokyo
Sep 2024 – Jan 2025

- Assisted with research at the Tanaka Laboratory

Östra Reals Gymnasium

Economics and Entrepreneurship

Stockholm
Aug 2017– Jun 2020

Professional Experience & Extracurricular Activities

Quartr

Stockholm

Quartr is a cutting-edge financial research platform that is trusted by many of the world's premier financial institutions.

Data Quality Analyst

Aug 2024 – Present

- Worked exclusively with data from the most followed companies on the platform meaning my work was seen and scrutinized by a large number of important high-impact customers, requiring great attention to detail and analytical skills.
- One of my main contributions was utilizing advanced Excel and AI tools to optimize workflows and planning for my team.

Data Sourcing Intern

Jun 2023 – Aug 2024

- Sourced and verified financial data for the platform.

Lund Institute of Technology (LTH)

Teaching assistant in Python Programming

Lund
Jan 2024 – Jun 2024

- Assisted students in the introductory Python programming course.

ISEK Student Investment Fund (IGI)

Founder & President

Lund
Jan 2022 – Jun 2024

- Founded and established my faculty's student-led investment fund with the purpose of educating its members while also contributing to the faculty's future economic possibilities. The fund has outperformed all major Swedish stock indices since its inception.
- Gained extensive experience in leading equity research and financial analysis. It also taught me multiple lessons in leading and motivating people in a non-compensated voluntary setting.

The Business & Finance Society

Board Member

Lund
Jan 2022 – Jun 2024

- Connecting students with the professional world of finance

Accomplishments, Skills and Interests

- Fluent in Swedish and English
- Proficient in Python, Java, Git and Excel
- Passionate about tech, generative AI and financial markets
- Enjoy sports and competition
